ANNUAL REPORT  
OF THE  
CHIEF OF FIRE DEPARTMENT.

---

NEWMARKET, N. H., Feb. 21, 1897.

The annual report of the Fire Department for the fiscal year ending Feb. 15, 1897, is herewith presented, with a statement of details of fires and alarms during the year, the cause of the same, when known; the approximate loss, and insurance paid on property damaged; a statement of repairs and improvements made during the year; a description of the electric fire alarm system which is to be at once put into the town, the proposed numbers and location of the street fire alarm boxes, etc., and the present organization of the department.

## FIRES AND ALARMS.

Total number of fires and alarms, 13.

## LOSSES AND INSURANCE.

The fires in buildings have resulted in a loss of \$1,502. Insurance paid on account of property damaged or destroyed, \$1,075. There have been six alarms for brush and forest fires during the past year, by which the damage to property has not been great, but they represent many hours of hard work by the department. The damage by brush and forest fires has not been estimated. They were nearly all of an incendiary origin. The arrest and conviction of a person detected in maliciously starting a brush fire had a good effect, as there has been no fire of that kind since.

## FIRE RECORD.

SATURDAY, March 28, 1896. Engineers' call rung in at 12.35 P. M. for brush fire in field on line of B. & M. R. R., owned by John W. Wiggin. Fire had spread to adjoining pasture and wood lot, but was extinguished after two hours of hard work by the department. Cause of fire unknown.

FRIDAY, April 3. Fire discovered at about 7 P. M. in floor over Charles H. Ellison's grocery store, North Side. Fire extinguished without general alarm. Five dollars would cover the damage. No insurance on building.

THURSDAY, April 9. Fire alarm rung in at 10.32 P. M. for fire in old ice house of Newmarket Manufacturing Co. Fifty dollars would cover damage. No insurance on building. Fire was probably of incendiary origin.

SUNDAY, April 12, 12.40 P. M. Engineers' call for extensive fire in the Pinder pasture and adjoining woodlots. Hard work by the department extinguished the fire without great damage to standing timber. Cause of fire unknown.

THURSDAY, April 16, 12.50 P. M. Engineers' call for extensive fire in the Haines pasture and adjoining woodlot. After several hours of hard work the department returned to quarters.

THURSDAY, April 30, 8.30 P. M. Fire in Herschman's tailor shop; was quickly extinguished by members of the department. Damage, \$10. No insurance. Cause of fire, kerosene lamp. At 10 P. M. Engineers' call for dangerous brush fire near buildings of Newmarket Manufacturing Co. Fire extinguished without damage to buildings. Fire probably of incendiary origin.

TUESDAY, May 6, 9.50 A. M. Fire alarm for fire in ice house owned by E. A. Young, North Side. The whole building was in flames before alarm was given. The department responded promptly, laid 700 feet of hose to nearest hydrant and the fire was soon extinguished. Damage to building and contents, \$200. No insurance. Cause of fire unknown.

SUNDAY, May 10, 3 P. M. Engineers' call for dangerous brush fire in wood lot back of the Geo. K. Caswell house on Spring street. Department laid 800 feet of hose from nearest hydrant and quickly extinguished the fire without damage to buildings. Fire was of incendiary origin.

SATURDAY, July 4, 2.30 A. M. Boat house and landing, owned by Walter O. Shute, on shore of Fresh river, was discovered to be on fire and was destroyed. The property was said to have cost \$200 when new. No insurance. Fire believed to have been of incendiary origin.

SUNDAY, Nov. 8. Fire in dwelling house owned by Charles L. Gray, North Side. There was great delay in ringing in the alarm. Companies responded to cry of fire and had two streams on building 15 minutes before the fire alarm was rung in, which was at 3.10 A. M. Value of building, \$1000. Insurance on same, \$700. Damage to building, \$700. Insurance paid on account of loss, \$700. The dwelling was vacant at the time of fire and the cause of the same is unknown.

WEDNESDAY, January 13, 1897. Engineers' call at 5 P. M. for dangerous chimney fire in house, on Central street, occupied by Edward Houde. Damage to building, \$12. Fully covered by insurance.

THURSDAY, Feb. 4, 1.05 P. M. Fire alarm rung in for a fire in a two-tenement house on North Side, owned by John F. Ham. There was the usual delay in the alarm. The department responded promptly. On arriving at fire two lines of hose were laid, water turned on and in 15 minutes the fire was out. Damage to building, \$375. Insurance paid on loss, \$375. Damage to contents, \$75. No insurance on same. The fire originated in a closet, in the second story of building, at least a half an hour before the fire alarm was rung. The fire had worked up through the second story and broken out through the roof when the department arrived. Damage confined to one tenement.

#### REPAIRS AND IMPROVEMENTS.

The Newmarket Manufacturing Co. have expended several hundred dollars during the past year in repairs and improvements to Granite Hose station No. 2, and the station is now a credit to the town. Eighteen fire hats and four pairs of rubber boots have been added to the equipment of the department; one dozen chairs at 65c. each have been

furnished each of the hose stations; all other furniture of the stations has been provided by the companies at their own expense, and they now present a very neat and attractive appearance.

### ELECTRIC FIRE ALARM.

An electric fire alarm system is to be at once put in the town. The fire department raised nearly \$800 by a fair for that purpose. The fire companies then elected the following as a committee to put in the system. From Tiger Hose: Director, William H. Small; Capt., Albert T. Stackpole; Clerk, George O. Hodgdon. From Granite Hose: Director, Frank M. Bunker; Capt., H. E. Hudson; Clerk, Benj. Harrison. From Hook and Ladder Co: Director, P. E. Thompson; Capt., John D. Long; Lieut., Herman Blazo; Clerk, George F. Hogan. The committee then elected Chief, F. A. Brackett, a member of the committee, and voted unanimously to accept the proposal of Geo. M. Stevens of Boston to put in the system, his bid being \$200 less than any other.

The system will consist of a tower striker to bell on the Congregational church, a fire alarm gong on each fire station and nine street boxes numbered and located as follows:

### FIRE ALARM BOXES.

- No. 5. Corner Church and Spring streets.
- No. 7. Granite Hose Station, No. 2, N. F. D.
- No. 12. Tiger Hose Station, No. 1, N. F. D.
- No. 21. Town Hall.
- No. 32. Corner Exeter and Mt. Pleasant streets.
- No. 34. Exeter street, near residence of F. H. Durgin.
- No. 45. Corner Main street and Treadwell avenue.
- No. 63. North Square, North Side.
- No. 65. Main street, North Side, near residence of Walter I. Ham.

## DIRECTIONS FOR RINGING IN AN ALARM.

When a fire breaks out the person discovering it should immediately run to the box *nearest the fire*, break the glass in the front of the small key box which is on the side of the fire alarm box, take out the key, which is attached to a chain, unlock the fire alarm box, open the door and pull down the hook *as far as it will go*, then let go the hook. Stand by box to direct the firemen. Don't pull in an alarm for a fire seen at a distance or out of reach of the hydrant system, but notify some member of the department, who will give the proper alarm.

## PUBLIC LIBRARY.

## REPORT OF TRUSTEES.

The Supplementary Catalogue, which was spoken of in last report, was issued early in the year, thus making a full list of the books to that date, and the complete catalogue can be obtained at the library at a nominal price.

Many standard works of permanent value have been added, also various lines of supplementary reading in connection with studies pursued in our schools, thus enabling pupils to continue their studies as far beyond the prescribed course as they may desire.

The experiment has also been tried of adding French books of merit, and it has been so successful that the number will be increased so far as the demand may warrant.

The Librarian and Assistant are always ready to be consulted, in regard to any use of the Library wanted, and especially as to any special lines of study, and the books needed for these special lines, and any other information which may be desired, will be cheerfully given.

## REPORT OF SCHOOL BOARD.

As the school year closes at the end of the summer term, and the law requires the School Board to file their report with the Selectmen and send a copy of the same to the Superintendent of Public Instruction on or before August 1st of each year, instead of March 1st as formerly, the school report will not be published until after the close of the school year. But for the information of those interested, and that our schools may receive sufficient financial support, by appropriations at the annual town meeting, a brief statement is made by the Treasurer, showing the receipts and expenditures up to March 1st. The balance now in the hands of the Treasurer will be needed to pay the teachers, janitor and other bills due at the end of the present spring term.

The regular school report will contain a full itemized financial statement.
